

G.I. Justice

A bipartisan educational experience with @iamLoganMI

Thanks for your interest in hosting a #GIjustice workshop!

This Agreement outlines the expectations between you, the Venue, and Logan Isaac, the Speaker. The total minimum cost for a workshop, #SJ4W or #MilRights individually or together, is \$500. In addition to this cost, Venues are responsible for travel, food, and lodging expenses. **Travel** expenses must be paid in advance, in the form of a nonrefundable deposit for either A) airfare or B) mileage (calculated in advance as a roundtrip based on the government rate). **Food** expenses are set as a \$45 per diem for any portion of a 24 hour period required for the event, including travel days. **Lodging** may either be reserved in advance and paid for by the venue, or provided by an individual local Host (with some restrictions that they will be provided). Within a 50 mile radius, a Speaker may, at their own discretion, waive the travel and lodging fees. **All terms herein are negotiable based on the size of the venue, timing of the event, etc.*

The Speaker reserves the right to sell general admission tickets to the workshop for \$15 each via [Eventbrite](#) (the minimum fee includes a purchase of no less than five tickets). For venues within a 50 mile radius, this \$75 expense serves as a nonrefundable deposit, which is required to secure a date for the workshop. Additionally, Speaker will make veteran-produced [merchandise](#) (books, apparel, media, etc.) available for purchase, and reserves the exclusive right to offer sales on the day of the workshop.

This is what Venues can expect;

- **Cost:** The \$500 minimum covers the speaker's fee of \$380, five reserved seats for \$75, and one day of per diem at \$45. Additional costs include travel & lodging expenses, which may vary based on location and timing.
- **Length:** Up to four full hours of content, with breaks as necessary, and all the Q&A time the venue desires within the day-of-business on the date reserved (9a-5p). In other words, excluding travel time, Speaker is at their disposal for up to eight full hours. **Workshops can be condensed or abridged as desired.*
- **Expectations:** No sales by venue of any kind. The workshop must also be open to the public, at cost, with venue-specific discount options or scholarships being negotiated in the planning phase, after deposits and booking.
- **Deliverables:** Attendees will receive *groundbreaking* military advocacy training as well as solutions they can put into action immediately, like personal reference worksheets, letters to their elected officials, and informative public flyers.
